

### Self Assessment- Assignment Grading Rubric 2

**Assignment Title** : Assignment 2 — Website with JavaScript Carousel & jQuery Animation      **Course** : BCM  
**Student Name** : Leong Yueh Wah      **Course Code** : CCDS 2413 Web Development  
**Students Matric No** : 2407-1087      **Lecturer** : Mohd Faiz Alias

#### Assignment Submission Penalty

| Student Submitted on time | Late by 1 Day | Late by 2 Days | Late by 3 days | Late by 4 days or more | Did not submit       |
|---------------------------|---------------|----------------|----------------|------------------------|----------------------|
| No penalty                | -1            | -2             | -3             | -4                     | No marks to be given |

\*circle the relevant penalty marks above

| Plagiarism (0% to 20%) | Plagiarism (21% to 30%) | Plagiarism (31% to 40%) | Plagiarism (41% to 49%) | Plagiarism (50% or more) |
|------------------------|-------------------------|-------------------------|-------------------------|--------------------------|
| No penalty             | -2                      | -4                      | -6                      | -10                      |

#### Criteria for Self-Assessment

| Criteria                                    | Excellent (5 - 4)  | Good (3)  | Fair (2)   | Poor (1)   | Points |
|---|--|---|--|--|--------|
| <b>Website Structure &amp; Navigation</b>   | Complete website with homepage, hero section, clear navigation, and at least 3 pages or sections; all links work correctly.  | Website mostly complete; some navigation or structure issues.   | Limited structure; basic navigation but inconsistent.  | Poor structure; missing pages or broken navigation.  | 5/5    |
| <b>HTML/CSS Layout &amp; Responsiveness</b> | Clean, semantic HTML5 structure; fully responsive using Flexbox/Grid; consistent design.   | Mostly clean structure; responsive with minor issues.   | Some structure; inconsistent responsiveness.   | Poor layout; lacks semantic tags or responsiveness.  | 5/5    |
| <b>JavaScript Carousel Functionality</b>    | Carousel fully functional with next/prev controls, auto-slide, and smooth transitions; no major errors.  | Carousel mostly works; minor bugs or incomplete features.   | Basic carousel partially working; limited navigation or auto-slide.  | Carousel broken or missing functionality.  | 2/5    |
| <b>jQuery Animation / Effects</b>           | At least one jQuery effect (e.g., fade, slide, smooth scroll) applied effectively and improves UX.   | Effect applied but limited in scope or minor issues.  | Effect basic or not fully functional.  | No jQuery effects used or broken.  | 2/5    |
| <b>UI/UX Design</b>                         | Clear, well-structured wireframes for all required pages/sections. UI Style Guide is complete, showing thoughtful use of color, typography, layout grid, spacing, and interaction states. Design decisions clearly support the chosen SDG theme. | Wireframes are mostly complete; Style Guide includes most design elements. Some minor inconsistencies between design plan and final site. | Wireframes or Style Guide are present but basic or incomplete. Final site shows limited alignment with the plan. Visual hierarchy and layout structure are weak or inconsistent. | No proper wireframes or Style Guide submitted, or design is improvised with little planning. Final site lacks coherent layout, hierarchy, or UI consistency. | 5/5    |

|  |  |   |   |   |                             |
|--|--|---|---|---|-----------------------------|
| <b>Overall Presentation &amp; Deployment</b> | WebPage looks polished and professional; well-organized sections, consistent spacing; hosted live (e.g. GitHub Pages, Netlify) with clear README | Good structure and presentation; live version provided. | Some structure but lacks polish or proper deployment. | Unclear structure; no live version or README. | <b>5/5</b>                  |
|  |  |   |   |   | <b>TOTAL</b> <b>24 / 30</b> |

**Notes for Extra Marks (Optional Bonus — up to +3 marks, lecturer's discretion)**

May award up to **3% extra credit** for outstanding effort, such as:

- Advanced carousel features (e.g., thumbnails, captions, progress bar)
- Multiple or creative jQuery effects
- Excellent responsive design and layout polish
- Strong storytelling and SDG integration
- Exceptional reflection with analytical insight

*(Extra marks cannot exceed the overall course assessment weight.)*

**Bonus cannot push the assignment above the maximum allowed for the course. Final award determined by the lecturer.**

I hereby declare that:

1. The work I have submitted for this assessment is entirely my own.
2. I have assessed my work truthfully and fairly using the rubric provided.
3. I understand that my self-assessment will be compared with my lecturer's evaluation.
